Prospective Clients
Zaino Tennis Courts

RE : Loyola Marymount University

To Whom It May Concern:

We have had the opportunity to work with Richard Zaino and Zaino Tennis Courts on numerous occasions. From the building of a new NCAA Division I Championship Court to general resurfacing and upkeep projects, Zaino Tennis has delivered for us for many years.

In 2003, we invited Zaino Tennis Courts to bid on our project to add a 6th championship tennis court to our existing 5 courts. Zaino came in to the bidding process, asking us questions that saved us both time and money in the overall scope. Their pricing was in line with what we had seen from the other groups and because of a sense that Richard personally cared to deliver to us a quality project, we awarded the contract to them.

We did not regret this decision. Zaino delivered for us, both with the scheduling of their work as well as the way their employees acted on our campus. Several months after completing our court, we noticed a few imperfections. All it took was one phone call to Richard and he was here looking at our court, agreeing to fix what we noted. The fix was scheduled and completed immediately.

Zaino Tennis Courts served up a great product, and backed it up with great service. I strongly recommend this company.

Sincerely,

Rick Torkelson
